Easy to Navigate Tight Spaces

Whether you are mowing a park, a school, a military base, an airport or rights of way, the MowerMax™ is the ultimate mower!

The MowerMax is available in 2 models and is designed from the ground up to be the most productive and versatile, heavy-duty industrial/commercial mower on the market.

Both of our MowerMax™ models feature:

- **VISIBILITY** - Exceptional Operator Visibility with its Cab Forward Design and Center Deck Placement which allows for increased visibility, dynamic handling and reduces overlap mowing
- **MANEUVERABILITY** - Extraordinary Maneuverability with its Hydrostatic Transmission, Zero-Turn and Near Zero-Turn Radii which translates to more productivity and control
- **MOWABILITY** - Excellent Mowing Capabilities with its High Tip Speed and Heavy-Duty Lift Blades which allow the MowerMax™ to both rough cut or finish cut
- **TRANSPORTABILITY** - Ease of Transportation with its versatile, Compact Frame and Flex-Wing Design increases productivity by allowing you to move quickly from jobsite to jobsite
- **DURABILITY** - Extra Heavy Duty construction provides superior strength for rugged & durable longevity
